4	I think it is a good idea for people to write their thoughts online. To begin with, by sharing their thoughts online, people will be able to hear different opinions and viewpoints from others. Through this, they can further develop their imagination and creativity. Furthermore, when people express their own thoughts and opinions about things happening around them, it can help to relieve their stress. People can feel better after telling others about various issues, such as problems in their lives. In summary, it is a good idea for people to write their thoughts on the Internet.
