4	I agree that large shopping centers have a good effect on local areas. One reason is that there will be more jobs. It will be good for the economy because many people will be able to work there to earn money. Another reason is that there are a variety of shops, restaurants, and other places to have fun, such as movie theaters, at large shopping centers. Local people will be able to go there and enjoy their time with friends and family. Therefore, I think large shopping centers have a good effect on local areas.
