4	I think that more companies will work with universities to make new or better products. First, companies can have an opportunity to get new ideas from university researchers and students. These ideas can be very useful in the development of new or better products. Second, I think that companies will be able to reduce the cost of developing new products. By working with universities, companies can make use of the technology that universities already have. For these reasons, I think more companies will work with universities in the future.
