4 I agree that reading comic books written in a foreign language is a good way to learn the language. First, people will be able to learn various expressions that will be useful in their daily lives. For example, some comic books use words and phrases that may not be taught in other learning materials, such as casual greetings. Second, comic books help people learn a foreign language in a fun way. Comic books have interesting characters and stories, and this makes learning a foreign language more enjoyable. Therefore, reading comic books is a good way to learn a foreign language.
