5	I am interested in the library. What time does it close? How many people can study there? About your question, I think cafés in libraries will become popular in the future. When people spend long hours in the library, a café is a good place to take a break.
6	Yes, I think it is a good idea. I have two reasons. First, students can develop good habits. It is easier to set aside time to make study habits if they get up early. Second, students can focus more on their studies in the morning. They will feel refreshed and ready to study after sleeping all night.
