5	I think playing a team sport is a good way to spend time. It is a good experience for people to work together to win a game. I have two questions. First, are you going to travel abroad for your vacation? Second, how much money will you spend during your vacation?
6	Yes, I think more shops should do so. First, shops can increase sales. More people might come if shops allow customers to bring pets inside. Second, it is convenient for customers with pets. They do not need to worry about leaving their pets at home if they can bring their pets with them.
