5	I think the skills to make a website will become more important in the future. Such skills will be useful in people's future careers. I have two questions about the cake. How large was it? How long did it take to make the cake?
6	Yes, I think it is good for children. First, playing a musical instrument helps the brain work better. Playing music can improve their memory and help them develop control of their hands and fingers. Second, children can show their feelings by playing a musical instrument. Music helps children share their emotions with others in a fun way.
