5	I think more library users will join an event where book authors talk about their famous books in the future. People may enjoy reading more if they can meet authors and ask questions about their books. How long is the novel? Does the story take place in the future?
6	I think exercising at a sports center is better for people. First, a sports center provides support from experts. Trainers can show people how to use machines safely and help them exercise more effectively. Second, people will meet others who enjoy exercising in a sports center. This allows people to make friends who enjoy the same sports.
