4	I think such hotels and restaurants will become more common in the future. First, people can keep buildings with historical value for a long time. Traditional buildings can be preserved by repairing and using them as hotels and restaurants. Second, the local economy will improve. These hotels and restaurants might attract many tourists from various places and create jobs in the local area. Therefore, I think hotels and restaurants that use old traditional Japanese-style houses will become more common in the future.
